## **Process Flowchart**

#### CONNECTION

Connecting with the Young Carers team at Carers WA to see how they can support the entire process of implementing a Peer Support Group.

#### **NEEDS ASSESSMENT**

Establish whether there is a need by consulting with the student services team, teachers, parents and current identified young carers.

## **REVIEW**

Determine what actions the school already has in place. Does the school already have policies and practices that support young carers?

#### **PROMOTION**

Consider what methods of promotion will be most effective in your school. You may consider general public communication and also consultation with already identified young carers.

#### **PREPARATION**

You may need to consult with the staff and young people to determine a suitable session schedule. Young Carers team can help you create a schedule with topics. You may also want to ensure all materials are ready for the first session.

## **IMPLEMENTATION**

You are now ready for the first session! At this session it's important to discuss confidentiality and expectations. Use the available lesson plans via Dropbox to deliver each session.

# CONSULTATION

feel supported. You may want to consider consulting with the parents if you are a primary school.

### **EVALUATION**

This is key in ensuring longevity continued improvement. Use the pre-evaluation and post-evaluations individual outcomes and impact.
